An eminent French doctor's views
on alcohol are interesting, in view of
the fact that he speaks of a nation
accustomed to consider wine as a
"sine qua non" to muscular forces.
"As for alcohol," he says, "it is one
of the worst enemies to the cyclist.
Many of them have doubtless ob-
served that beer weakens the legs,
that absinthe is pernicious, and that
wine itself gives only a momentary
"sting of the whip" followed by a
period of depression. But how
many have the courage to refuse
the poison offered them? This
action of alcohol is easy to under-
stand. Alcohol is in all its forms a
poison, whereas sugar is a food. It
is therefore to sugar, and not to
alcohol, that one must look to fortify
his muscles during a ride, and to
restore them when they are fatigued.

Prohibition for Manitoba.

A large delegation of prohibition-
ists waited on the Manitoba Govern-
ment on the afternoon of June 12th,
and asked the Government to out-
line its policy on the liquor question
and also to prohibit the sale of
liquor in the province to the fullest
extent of the Government's power
of legislation. Premier Greenway
replied that the power of the pro-
vince will be exercised to the full-
est extent (which will be the refusal
of licenses) and power would be
fought at Ottawa to prevent the im-
portation of intoxicating liquor.

A Drunkard's Will.

A dying drunkard in Oswego
New York, left the following as his
"last will and testament":

"I leave to society a ruined char-
acter, a wretched example and a
memory that will soon rot. I
leave to my parents as much sorrow
as they can, in their feeble state,
bear. I leave to brothers and sisters
as much shame and mortification as
I can bring on them. I leave to
my wife a broken heart and a life
of shame. I leave to each of my
children poverty, ignorance, a low
character and a remembrance that
their father filled a drunkard's
grave."

Ye patrons of the saloon, is this
the "will and testament" you are
writing out each day for your wife
and children? Shame upon you
for leaving them such an inheri-
tance! Where is your manhood?
Where is your love for your family?
Where is your honor and nobility?
Are you selling it to the saloon
keeper?—California Christian Ad-
vocate.

Sunny South.

From our own correspondent:
Miss Gibson and Miss Stewart
paid a visit to the home of Mr. H.
Wilson on Wednesday evening.

Mr. Matheson of Springfield
preached last Sunday in the school
house. The building was crowded.
There was a bee held last Wed-
nesday for raising St. Chad's for

the purpose of building a new
foundation.

Quite a number of our friends
took in the picnic at Davin on
Thursday.

While out riding his week Miss
Maud Bench fell off her pony,
severely hurting her shoulder. We
hope she will soon be able to be
around again.

Vernon Views.

From our own correspondent:

We are very sorry to say that
Mr. T. Howden, while leading the
wheel of the syndicate engine,
smashed his thumb and is now
seen going around with his arm in
a sling. We hope to see him at
work again in a short time.

We understand that Mr. W.
Wass and Miss C. Langston were
united in the bonds of matrimony
at the Port on Thursday afternoon
last.

Quite a number of our farmers
attended the lecture on Woods last
Saturday and were very well
pleased with it.

A picnic will take place on Sat-
urday afternoon near the church.
A football match has been arranged
between Edgley and Vernon. The
ladies will find the tea. The trail
from town will be marked all the
way.

We are pleased to see that the
stone work of the church is com-
pleted and looks very well. It is a
credit to both Mr. Munson and the
people of the district.

Village Wiped out.

St. Raymond, Que., June 25.—
This village was almost wiped out
by fire, which started about 11:29
this morning in a stable belonging
to Mrs. Elvira Pannoudin, and
which is believed to have been
started by tramps sleeping there
during the night. The fire spread
with great rapidity, and there being
no fire appliances here the inhabi-
tants were powerless to stay the
progress of the flames. Assistance
was telegraphed for to Quebec, and
the fire-engines were sent by a
special train from there, a distance
of about thirty-five miles. When
the engines arrived here about 35
or 40 houses had been consumed
with several outhouses. The con-
vent caught fire and was damaged
in the upper portion to the extent
of about \$3,000. The total loss
will amount to fully \$100,000, and
it is well covered by insurance.
Details cannot be learned to-night.

WEATHER FOR CANADA.

CANADA ENRICHED BY THE ALASKA BOUNDARY AGREEMENT.

Porcupine Mining District, With a Gold Output of \$3,000,000 Yearly, Is Included.

Seattle, June 26.—Parker Carroll, of the steamer Humboldt, which arrived Friday from Alaskan ports, stated that he had in his custody \$280,000 in dust and estimates that there was about \$300,000 more in the different states not turned over to him. Today about \$150,000 worth of dust was deposited in the United States assay office and a \$50,000 lot was billed at an express office for shipment to Philadelphia. H. Wolfstein and "Dan" Saunders, of England, had the reputation of being the richest two men on board. They were credited with having been credited with about \$500,000, the price of the sale of several claims. A Mr. Happer, of Philadelphia, was credited with \$40,000. Other large holders were D. E. Williams, August Peterson, Dr. J. H. Hill, Palmer Hill, Alexander M. Hart, G. S. Allen, "Mike" White, A. H. K. Hill, S. J. Miller, E. A. Peck, M. Lamm, D. H. Bohland, John Nelson.

Some passengers left as late as June 28th. They report that the clean-up is practically finished. The estimate of the clean-up will amount to from \$125,000,000 to \$150,000,000. Times are quiet in Dawson and there are many idle men there. James S. Clark, of Victoria, estimates that at least ten good men will come out this summer, but that their places will be filled by men going in. Merchant White, an old California miner, reports that there are 3,000 penniless men at Dawson begging for assistance to get up the river. Many others are working for their board.

News from the north is that the boundary line has deprived nearly two thousand American miners of a gold output conservatively estimated at \$5,000,000 a year, and this wealth added to citizens of Canada. The territory involved is the Porcupine mining district, on the Laidlaw trail, above the Indian village of Klakawana, a vast tract of placer ground, which gives flattering promise of a great mineral output. Many claims were located there upon the supposition that the Canadian had no right to the territory. News of the boundary decision reached the Porcupine miners on the 15th and they were thrown into a state of frozen excitement. The proposed new boundary is over forty miles south of any point heretofore claimed by the Canadian police outside, according to the stories floating down from the north.

Washington, June 26.—The memorandum handed to Ambassador Choate at London concerning the modus for a temporary arrangement upon the Alaskan boundary was only another step in the negotiations. A modification has been requested by the British government which the United States will have to consider. The negotiations had progressed so favorably up to the time of the last memorandum that the belief was expressed that an agreement would soon be reached. The points of difference between the governments are not made public, but the modifications requested by the British government does not meet with favor by those who are conducting the negotiations for the United States, as the last proposition submitted by this government was believed to contain all essential concessions and to be fair in every respect to the Canadians and the British government.

BOUNDARY CREEK.

C. P. R. and G. N. R. Will Build a Joint Line Into the District.

Vancouver, June 26.—The Canadian Pacific and the Great Northern railways, which were both recently thinking of building a line from Midway to Republic, have, it is understood, arrived at an agreement whereby a joint line will be laid to connect the famous Boundary Creek mining camp of British Columbia with an equally famous Washington camp. The line will be about 30 miles long.

CHURCH STEEPLE DAMAGED.

Goshen, N. Y., June 26.—Lightning struck the stone steeple on the Presbyterian church at this place Saturday night about twelve feet from the top. One thousand pounds of stone fell a distance of 185 feet down on the roof of the church and crashed through into the main portion of the edifice. Large quantities of water rushed through the hole in the roof. The building was damaged to the extent of \$5,000.

PENNSYLVANIA WRECK.

Pittsburgh, Pa., June 26.—Eight people were injured, one perhaps fatally, in a wreck on the Pittsburgh and Western railway at Rintree, 22 miles north of Pittsburgh, Saturday. The most severely injured, Miss Grace Phillips, daughter of ex-Congressman T. W. Phillips, of Newcastles, and Miss Mollie Knapp, of Washington. The latter having her spine broken and being injured internally, so may not recover.

MAY NOT ACCEPT.

Rev. C. A. Eaton, Invited to the First Baptist Church, Winnipeg.

Toronto, June 25.—Rev. Chas. A. Eaton, pastor of Bloor Street Baptist church, this morning received an invitation to become pastor of the First Baptist church, Winnipeg. Mr. Eaton has been urged time and again to go to the Winnipeg church, which was vacated nearly two years ago by the death of Rev. Alex. Grant, but this is the first official invitation. In Winnipeg strong hopes are entertained that he will accept, but great pressure is being put on him to leave. Mr. Eaton is to remain in Toronto. Under his administration the church has prospered, the congregation has largely increased and now the trustees are considering a proposal of enlarging the church by the addition of a school room. In case they decided to build, Mr. Eaton, if he felt inclined to accept his Winnipeg call, will find this barrier in his way. In conversation with a reporter this evening, Mr. Eaton said he had not definitely decided but thought it unlikely he would accept. He felt that the relations binding him to Bloor street church were too strong to be severed at once.

SAD DROWNING ACCIDENT.

Charlottetown, P. E. I., June 25.—A terrible fatality occurred at Summerside Friday, involving the loss of four lives. Five little girls, Belle May Fraser, aged 7, daughter of John Fraser, Laura Aggie and Jennie Gallant, aged 9 and 7 respectively, daughter of Lawrence Gallant, and Daisy Perry, aged 6, daughter of William Perry. They had been clam digging on the bar off the west end during low tide in the afternoon. They wandered along from bar to bar until finally they found themselves surrounded by the rising tide. They started to wade ashore, and only one, Aggie Gallant, succeeded, she having waded in many places through the water up to her neck. She arrived home about 4:30 in almost an exhausted condition, and gave the first intimation. She had left the others, she said, trying to wade ashore and crying. The bodies of her four companions were found after a close and melancholy search.

AGUINALDO NOT SATISFIED.

Manila, June 25.—Aguinaldo does not seem to be satisfied with the attitude of the insurgents in relation to the command of General Luna's army and has massed the largest rebel force yet mobilized, bringing 2,000 men from the Antipolo region. He is exceedingly troublesome. Last night his men wounded two members of the 17th regiment. General McArthur's men are constantly on the alert to repel any attacks, sleeping upon their arms. The general sincerely hopes the Filipinos will give him another chance for a battle for the soldiers really enjoy the opportunity to fight them when they can do so without wading through swamps to catch them. The railway trains between Manila and the provinces have been stopped for several days while permanent repairs are being made to the bridges along the route but today traffic is resumed.

A SERIOUS ACCIDENT.

W. HILL FALLS FROM A LADDER AT THE C. P. R. SHOPS.

Lost His Balance and Fell Backward Striking His Neck on a Heavy Iron Roller.

Winnipeg, June 25.—A bad accident occurred in the C. P. R. machine shop yesterday morning at 9:30 when a man, probably a fitter, W. Hill, a machinist who has been in the employ of the C. P. R. for a number of years and who now resides at 317 Flora avenue, had a nasty fall from a ladder while fixing a pulley; he was about ten feet from the ground reaching up when he lost his balance and fell backward on the ground his neck striking on a heavy iron roller. Those who saw the accident immediately ran to his aid, supposing that he had been killed upon taking him into the reading room of the library it was found that he still breathed. Dr. R. J. Blanchard was sent for and he ordered him to be conveyed to his home at once. With the help of Constable McKeown of the C. P. R. and two other employees, he was placed on a mattress and removed to his home in a wagon.

Upon examination Dr. Blanchard discovered that the blow had affected the vital chord and had caused complete paralysis in his left arm and leg and he was scarcely able to make use of the other members of his body. At a late hour last night he was in a very precarious condition but little hope can be held out for his recovery and if he gets better he will in all probability be a cripple for the rest of his life. Mr. Hill better known as "Binner" Hill is a middle aged man and has a wife and several children, and is most popular with those who know him.

A BIG PARADE.

Grand Army Men Salute the Victoria Statue at Montreal.

Montreal, June 25.—The Vermont department of the Grand Army of the Republic, which is holding an encampment here, marched down town this morning, headed by its bands to witness the St. Jean Baptiste procession. As the veterans passed the statue of Queen Victoria, on Victoria Square, they did not salute the statue as it is customary on all regimental parades on such occasions. The crowd manifested its displeasure at this in a pronounced manner, whereupon the Grand army men marched around again and this time did the useful and the vigorous applause of the crowd.

The St. Jean Baptiste parade today was the largest ever held in this city, taking two hours to pass a given point. Notre Dame church was crowded at a subsequent service, and a number of fine allegorical cars were in the procession.

Startling Evidence.

London, June 25.—The Vienna correspondent of the Daily Telegraph says: The Austrian war office has learned that the evidence of M. Casimir Perier upon the Dreyfus trial will be startling. It will be shown that he holds the key to the affair which hitherto has been withheld in order to prevent a serious conflict between France and Germany. M. Casimir Perier will depose that a German official, of high social and military rank, confidentially gave the French government information which led to the arrest of Dreyfus, but stipulated for silence as to the informant's name. Now, M. Casimir Perier will declare all.

Released From Prison.

Paris, June 25.—Comte de Dion and Comte d'Aubigny, who were sentenced June 16 to two weeks' imprisonment and to pay 100 francs fine after having been convicted of complicity in the disturbance at Anteuil, were released from prison this morning. A few of their relatives and friends awaited them at the prison door. The two men apparently have not suffered from confinement. They went to the automobile club, where a luncheon was given by the members in honor of their release. Comte de Dion afterward visited the automobile exhibition which was warmly greeted.

Fire Bugs at Work.

Kingsville, Ont., June 25.—Inquisitorial last night attempted to destroy the entire business portion of the town, fire being started in the rear of the buildings situated right in the centre of the district. The fire department succeeded in getting the flames under control before much damage had been done. Last night's was the third incendiary fire here within four weeks.

Toronto, June 25.—The liquidators of the Farmers Loan company have now on hand the sum of \$85,000 and do not intend to pay the holders of the stock of the company, and will declare a dividend shortly. All holders of twenty per cent stock today accepted in the office of the master in ordinary the agreement that they should pay 60 cents of the 80 per cent due.

Divorced at 103.

Columbus, Ind., June 25.—Geo. Wray, aged 103, has been granted a divorce by Judge Lord from Susan F. Wray, aged 30.—Wray has been married four times outliving the other three wives. He said his last wife could not stand and offered to take care of him if he would marry her.

TIMBORNE HOUSE BURNED.

Napanea, Ont., June 25.—The Timborne House, owned by Mrs. Day and occupied by John Carr, with contents, was almost completely destroyed by fire this morning. It was insured for \$2,400.

Winnipeg Theater.

The New York Dramatic Mirror of June 17th says: "The Neill Company closed a ten days engagement at the Winnipeg, Man., Theater June 3rd, having presented the Senator, Nancy & Co., The Dancing girl, A Parisian Romance, Camille & London Assurance. This was the Company's fourth and most profitable engagement at Winnipeg. The Company was pronounced the strongest that Mr. Neill has yet had. The plays were of a superior class, seldom presented in the west. The standing reached by this Company is a worthy one and the large audiences that turned out testified to the public's appreciation. Edythe Chapman and James Neill shared the chief honors. Sandra Milliken was also a favorite. Hershel Mayall, Mr. Butler and George Bloomquist were successful in their interpretations. Mr. Neill as Senator Rivers and as Baron Chevalier surprised even his warmest friends by his splendid acting. The company left June 14th for a five weeks stay in St. Paul and Minneapolis returning to Winnipeg Theater July 10th for two weeks.

Prize List.

We have received a copy of the prize list got out for the Regina exhibition to be held July 25th and 26th. The prizes offered are really worth competing for, and we have no doubt the fair will be a grand success. The secretary, Wm. Trant, will be pleased to send a prize list to all thinking of exhibiting grains, animals, etc.

Methodist.

The Methodist church was packed on Sunday night last when Rev. Mr. Galley preached his farewell sermon. The Rev. Mr. Thompson, ever thoughtful, gave up his service that the congregation might hear Mr. Galley. Mr. Galley left for Wapella, his new station, on Wednesday morning. Mrs. Galley and the children will remain here a few days longer. We wish them success in their new field of labor.

M. S. S. Picnic.

A meeting of the officers and teachers of the Methodist Sabbath School was held in the church on Wednesday evening to decide about the annual picnic. It was settled to hold it on Thursday, July 27th, at a suitable place yet to be arranged. Committees were appointed to make all necessary preparations and manage the affair. More particulars will be given next month.

Edgeley Echoes.

From another correspondent.]

The public school closed by order of the trustees last Friday except for those pupils who wrote on the Government examination. Don't forget the public examination on Friday, 30th inst., when all, both pupils and parents, are asked to be present to assist in the closing exercises. Also keep in mind the picnic to be held on July 7th, in the bluffs west of the school house. Come one, come all, bring your baskets and enjoy a good time.

Miss Matheson, of the Winnipeg General Hospital, is now visiting her parents of this place.

Mr. John Tate and Miss Ida recently took another trip to Weyburn.

Mr. James Craig has sold his farm to Hamby, who recently came from Toronto to start farming in this district.

Rev. Mr. Galley preached a very effective farewell sermon to a large audience last Sabbath. Many regret that he is leaving this field, but we hope he may be well pleased with his new circuit, Wapella, east of here. Mr. Hoskin, of Grenfell, our new minister, comes to us well recommended, and doubtless will meet with the success which he deserves.

The farmers who had the pleasure of hearing Prof. Fletcher's lecture on "Noxious Weeds" last Saturday, pronounce it a treat, and are much benefited thereby.

Mr. Matheson, of town, spent Sunday with his parents in this district.

Mr. J. R. North of Ft. Qu'Appelle was a visitor here last week.

Mr. and Mrs. J. Howden visited Mr. Johnston of Poplar Plains last week.

Mr. James Tate's familiar figure was seen in our midst last week.

We hear that many intend to take in the picnic in Vernon Bluffs on Dominion Day.

Mr. Gore, one of our new settlers, paid a flying visit to Whitewood lately.

Still more new buggies. Who will be the next lucky man?

Mr. J. H. Fraser spent a couple of days at Indian Head this week on business.

There came to the home of Mr. F. E. Goodwin a young stranger in the form of a young son. Both mother and child are doing well. Of course, we all extend sincerest congratulations.

As we write, the lightning is flashing vividly, each flash seeming more fierce and more close than the last. We hope no serious damage will be done, however.

ADVERTISERS!

Printers' Ink says:

An ad. must look for the readers. Readers seldom look for an ad.

People remember your goods because you force them to. Stop forcing and they'll stop remembering.

A whole page ad. in two issues of a paper would be better than a half-page in four issues for impressing the people with the idea that something really is going to happen.

The Progress says:

The business man cannot afford to remain silent or his rival gets the trade. Put in an ad. that catches the eye; change often, and mark results.
